

GOWTHAM RAJA

BTech Information Technology | SRM Institute of Science and Technology, Ramapuram
Chennai, Tamil Nadu, India | gowthamraja1253@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Motivated and versatile Information Technology undergraduate at SRM Institute of Science and Technology, passionate about building impactful software across web, mobile, and embedded systems. Experienced in Java, Android Development, and full-stack web technologies, with hands-on exposure to AI, prompt engineering, and database management. Active hackathon participant with proven ability to deliver functional products under pressure — including a live-deployed medication reminder app and a drag-and-drop website builder built at competitive hackathons at SRM and VIT Chennai. Technical Team Member at Beta Bots Club and former GPT intern at Futura Robotics. Recognised by Google as a Top Prompt Creator and an NPTEL Elite achiever with a 97% score in Java. Committed to continuous learning, collaborative development, and creating real-world solutions.

EDUCATION

SRM Institute of Science and Technology (SRMIST)

2025 – 2029

Bachelor of Technology – Information Technology | Chennai, Tamil Nadu

EXPERIENCE

Technical Team Member – Beta Bots Club

Sep 2025 – Present

Beta Bots | SRM RMP · Full-time, On-site

- Active member of the Beta Bots Club at SRM RMP, contributing to technical projects and innovation.
- Passionate about bringing ideas to life through engineering and teamwork.

Student Intern – GPT Internship

May 2023 – Jun 2023

Futura Robotics · Hybrid (2 months)

- Interned at Futura Robotics gaining hands-on experience in Artificial Intelligence and Natural Language Processing.
- Worked on Custom GPT development during the internship period.

PROJECTS

Med Reminder – Hackcelerate'26 Team Project

Jan 2026

Team: Gowtham Raja, Shiva Akash R, Yogeshkumar S | Live: [dev-dynamos-med-reminder.vercel.app](#)

- Built a medication reminder web application as part of Hackcelerate'26 organised by SRM Institute, Dept. of CSE (BDA & CC).
- Collaborated with teammates to design and deploy a full-stack reminder system helping users track medication schedules.
- Deployed live on Vercel; developed under hackathon conditions with rapid prototyping and teamwork.

Vehicle Service Center Management System

Mar 2026 – Present

GitHub: [shivji2138/vehicle_service_center_management](#)

- Developed a modern vehicle management application focused on simplifying vehicle data organisation.
- Collaborative project with multiple contributors.

Gmusic

Apr 2026

Java and Android Development | Live: [gowtham-gmusic.vercel.app](#)

- Gmusic — Feel the Isai: A music application built using Java and Android Development.
- Full-featured music player application with a modern UI.

HACKATHONS & ACHIEVEMENTS

Google Top Prompt Creator – Pitch Night Edition

May 25, 2026

- Awarded by the Google Student Ambassador Program for crafting a standout personal pitch using Nano Banana.
- Recognised for creativity and command over prompt engineering.

NPTEL Elite Certification – Programming in Java

Jan–Apr 2026

- Scored 97/100 (Online Assignments: 25/25, Proctored Exam: 72/75) — IIT Kharagpur.
- Among 19,306 certified candidates; 4 credits recommended.

Dev Hub Hack-A-Thon – VIT Chennai

Mar 23–24, 2026

- Participated in 'Dev Hub', a hackathon organised by CAMIT-RC at Vellore Institute of Technology, Chennai.
- Built a drag-and-drop website builder featuring customisable templates, visual editing, and flexible UI components to simplify web creation.
- Gained skills in scalable UI design, rapid prototyping, problem-solving, and handling pressure under tight deadlines.

Hackcelerate'26 – SRM Institute

Jan 30–31, 2026

- Participated in Hackcelerate'26 organised by Dept. of CSE (BDA & CC), SRM Institute, in collaboration with Developer Students Club.
- Team project: Built the Med Reminder app with teammates Shiva Akash R, Yogeshkumar S.

Ashes 1.0 – 24-Hour Hackathon

Feb 15, 2026

- Participated in the 24-Hour Hackathon 'Ashes 1.0' organised by Wyntrix, demonstrating dedication, innovation, and problem-solving skills.

LICENSES & CERTIFICATIONS

Certification	Issuer	Date	Skills
Programming in Java	NPTEL (IIT Kharagpur)	May 2026	Java
Java – Mastering the Fundamentals	Scaler Topics	Apr 2026	Java
AI for Beginners	HP LIFE	Dec 2025	AI for Students
Effective Presentations	HP LIFE	Dec 2025	PowerPoint, Presentations
Cyber Security Overview	Infosys Springboard	Dec 2025	Cybersecurity Basics
MongoDB Basics for Students	MongoDB	Sep 2025	MongoDB
Arduino 101 Crash Course	UYIR Robotics / ROBOBOUT	Aug 2024	Arduino IDE, Arduino

SKILLS & TECHNOLOGIES

Programming Languages: Java, Python

Web Development: MERN Stack, Drag-and-Drop UI, Rapid Prototyping

Mobile Development: Android Development (Java)

Databases: MongoDB

Hardware / Embedded: Arduino IDE, Arduino

AI & Prompt Engineering: Custom GPTs, Prompt Engineering, Google AI Tools

Other Tools: Git, GitHub, Vercel, Microsoft PowerPoint

Soft Skills: OOP Principles, Problem Solving, Teamwork, Scalable UI Design, Innovation, Pressure Management
